

Gorge Aviation Services LLC; (GAS)

Student and Pilot Renter's Agreement and Flight Rules

1. All renters must pass a flight check with an approved GAS flight instructor for each make and model aircraft they wish to rent. 90 day currency in the aircraft is required to maintain rental privileges. After a currency lapse, further flight must be approved by a GAS instructor; this may require an additional check out. GAS retains the right to refuse rental to anyone at any time in the interest of safety.
2. Student pilots are limited to wind components and velocities as set forth by their primary instructor. Licensed pilots are limited to 15kts and the crosswind component set forth in the POH for that aircraft unless otherwise approved by a GAS instructor.
3. All aircraft must be reserved through flightschedulepro.com. If you must cancel a flight please do so as soon as possible to make the aircraft available to other renters. Please understand that if you fail to show up for a flight and that affects another renter, you may be billed for the reservation. The aircraft may be reassigned after 30-minutes of 'no-show'.
4. All pilots must perform a complete preflight inspection prior to departure.
5. Renters must confirm the airplane flight time log for accuracy. This will ensure you are not erroneously billed for extra time you didn't fly.
6. Except for an emergency, GAS aircraft are only to be operated on public hard-surfaced runways. Please talk to a GAS instructor about short/soft/private field approval.
7. When fuel or oil is purchased away from GAS, pilots will be reimbursed at the present fuel price offered at GAS, or the price paid, if lower. You must provide receipts showing gallon amounts, date and place of purchase. Items such as tie down fees, landing fees, cleaning and other fees are the responsibility of the renter pilot. See operating manual for the brand and viscosity of oil required by the aircraft.
8. Overnight renters must maintain the security of the aircraft with a hangar or secure tie downs.
9. All renters must secure the aircraft in the appropriate tie down space or hanger and leave it in a clean condition for the next pilot. The appropriate covers must be securely installed when the aircraft is not in use.
10. If the aircraft is "abandoned" at any place other than GAS, the renter may be charged for pilot and rental time to retrieve the aircraft and return it to GAS. GAS cannot guarantee a renter's travel schedule. Pilots who transfer to another mode of transportation due to weather or maintenance problems do so at their own expense.
11. The renter agrees not to tamper with, molest, or attempt repair on any item or accessory of the aircraft without calling GAS for specific instructions.

12. The renter agrees not to use the airplane:
 - for any illegal purpose.
 - to carry people or property for hire or for any commercial purpose.
 - for flight instruction (other than with a GAS approved instructor) .

13. All renters must comply at all times with all applicable FAA regulations, state law and the conditions of this agreement. This includes instructing passengers in proper safety procedures and ensuring compliance.

14. Smoking is not permitted in any GAS aircraft or office space. No alcoholic beverages will be consumed by any person on board any GAS aircraft.

15. Renters agree to inform GAS as soon as practical following any accident or incident, major or minor. This includes a hard landing.

16. Renters are financially responsible for the Aircraft. We carry full hull and liability insurance on our aircraft, but you will be responsible for the deductible which can be as high as \$2500. We highly recommend securing separate non-owned/renter's insurance to cover your interests. This is available from a number of providers.

I acknowledge that I have read and understand the contents of this Agreement. I agree to be responsible for all charges or damages incurred, and understand that an additional renters/non-owned insurance policy is **highly recommended**, to pay all reasonable collection fees, if any, including court and attorney's costs and to abide by the above rules.
